

**Reducing
ground-level
ozone in the
Bay Area**

Take transit!

Lake Merritt BART station and AC Transit lines 11, 35X, 36X, 59, 59A, 62, & 88 are nearby.

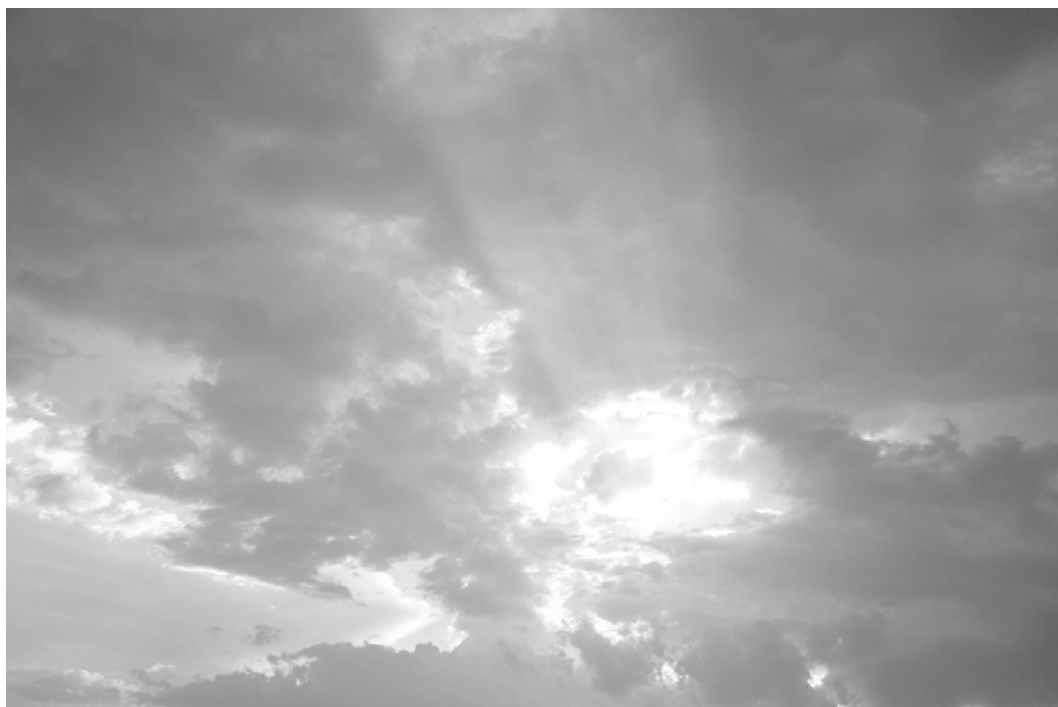

Bike racks are located outside.

Workshop on the Bay Area 2007 Ozone Strategy

The Bay Area Air Quality Management District (BAAQMD), in cooperation with the Metropolitan Transportation Commission (MTC) and the Association of Bay Area Governments (ABAG), is beginning the process of updating the Bay Area 2005 Ozone Strategy, in accordance with the California Clean Air Act which requires a triennial update to the region's strategy to achieve State ozone standards. The 2007 Ozone Strategy will review progress achieved in the 2004–2006 period, and establish control measures to be adopted or implemented in the 2007–2009 timeframe. At the April 12 workshop, staff will discuss the schedule and content of the 2007 Ozone Strategy and will solicit your ideas and suggestions for the strategy.

MetroCenter Auditorium, 101 8th St., Oakland
Thursday, April 12, 2007 10:00 am – noon

**For further information contact: David Burch, Principal Planner, BAAQMD
